January 2018 – Happy New Year

## 25th Dec 2017 - Kemoy and KYSO Perform for the Homeless and less fortunate during Christmas day.

On this date, we spent Christmas Day helping those who are less fortunate, the local food bank organises this every year in Moss side at one of the local primary schools & it was so rewarding.

God is good. Well done to the organisers and volunteers! Well done to team KYSO for doing an amazing performance! Whilst we eat, please say a prayer for those on the streets with no food and no family at all. Ask god to take care of them. Amen

But, at the age of just 27, Kenzo Walker has done more to help his community than many of us would dream of doing in a lifetime. With a string of achievements already under his belt, he has no intention of stopping just yet – and still has plenty to tick off his impressive 'to-do list'.
